CE712: Digital Image Processing

Tutorial Submission Guidelines

Guidelines:

File Preparation & Naming:

1. Submit your assignment as a **single PDF file**. The PDF should include all relevant code screenshots, outputs, results, and conclusions.
2. The PDF must follow the **format** provided in the attached template (*CE712Template.docx*). Submissions that do not follow the template may be penalized.
3. Tutorial PDF **File Naming** Format:
   Tutorial<Number>_RollNumber1_RollNumber2
   Example: Tutorial5_214540019_225419012
4. Do **not** submit .ipynb or Colab notebook files unless specifically instructed for tutorial submissions.

File Naming & Email Submission:

5. Use the tutorial number and roll numbers as the **subject line** of the email.
6. Only **one submission per group** should be made via email.
7. Send your submission to: **ce712.lab@gmail.com**

Penalties:

8. Late Submission Penalty: A deduction of 1 mark per day will be applied for submissions made after the deadline.
9. Any instance of copied code or results will result in a zero score for all group members involved.

Please follow all the above instructions carefully to avoid penalties during evaluation.
